A Nation of Moochers: America's Addiction to Getting Something for Nothing Charles J. Sykes

Have we reached a tipping point where more Americans depend on the efforts of others than on their own? Are we becoming a nation of moochers?

In *A Nation of Moochers*, Charles J. Sykes argues that we are already very close to that point, if we have not already crossed the line: from the corporate bailouts on Wall Street, to enormous pension, healthcare, and other entitlement costs, to questionable tax exemptions for businesses and individuals, to the alarming increases in personal default and dependency, the new moocher culture cuts across lines of class, race, and private and public sectors.

A Nation of Moochers explores the shift in the American character as well as the economy. Much of the anger of the current political climate stems from the realization by millions of Americans that they are being forced to pay for the greed-driven problems of other people and corporations; increasingly, those who plan and behave sensibly are being asked to bail out the profligate. Sykes' argument is not against compassion or legitimate charity, but distinguishes between definable needs and the moocher culture, in which self-reliance and personal responsibility have given way to mass grasping after entitlements, tax breaks, benefits, bailouts, and other forms of feeding at the public trough.

Persuasively argued and wryly entertaining, *A Nation of Moochers* is a rallying cry for Americans who are tired of playing by the rules and paying for those who don't.

Thomas O'Brien:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important

for you personally. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this A Nation of Moochers: America's Addiction to Getting Something for Nothing can make you feel more interested to read.
