Jewish Magic and Superstition Joshua Trachtenberg

TO UNDERSTAND a people—and through it, humankind—is to see its life whole. This has been a peculiarly difficult task where Jews are concerned, for the vision of the world has been obscured by darkly bias-tinted spectacles. If, on the one hand, Christological and anti-Semitic prejudices have revealed only an infamous horde of blasphemers and parasites, on the other, a historical perspective limited by Scripture has disclosed an exalted band of prophets, hounded and persecuted as prophets must be for their vision and temerity. Between these two extremes—which have alike doomed Jews to the unhappiest of careers—a normal people, with all the faults and virtues of humanity, has pursued its normal course through history, however abnormal were the conditions against which it struggled. This is perhaps the greatest achievement of Jewry, that in the face of an environment as perennially hostile as any people has had to confront, it has still maintained its balance, it has remained a normal member of the human family—even to owning, along with its peculiar virtues and faults, the common aberrations of the human race.
