The Language of Medicine Davi-Ellen Chabner

Bring medical terminology to life with Davi-Ellen Chabner's bestselling **The Language of Medicine, 10th Edition!** By presenting medical terms within the context of the body's anatomy and physiology, and in health and disease, this proven resource makes it easy to learn a working medical vocabulary built on the most frequently encountered prefixes, suffixes, and combining forms. Practical exercises and case studies demonstrate how medical terms are used in practice. Add an engaging student Evolve website with medical animations and videos, word games, flash cards, and more, and you'll be ready to communicate confidently in the clinical setting and succeed in your healthcare career.

- **Simple, clear, non-technical explanations** demystify medical terminology even if you have little or no background in medicine or science.
- **Practical applications** such as case reports, operative and diagnostic tests, and laboratory and x-ray reports demonstrate the use of medical terminology in practice.
- **Self-study text/workbook approach** reinforces learning every step of the way with labeling diagrams, pronunciation tests, and review sheets.
- **Full-color illustrations** depict anatomy, physiology, and pathology, putting medical terms in the context of the body's structure and function.
- **Comprehensive glossaries and appendices** serve as quick references for use in the classroom and on the job.
- **NEW! In Person narratives** help you understand diseases and conditions from the patient's perspective.
- **NEW! A Closer Look** highlights particular conditions.
- **NEW! Images and photos** illustrate difficult terms and procedures.
- **NEW! Terms and definitions** keep you up to date with healthcare advances.
- **More Spotlights** identify and clarify potentially confusing terminology.
- **Error-prone abbreviations list** derived from the Institute for Safe Medication Practices (ISMP) list alerts you to abbreviations that should not be used in the clinical setting.

This book will give you a wide range of information about this world now. In order to see the represented of the world within this book.

Joshua Matthews:

Exactly why? Because this The Language of Medicine is an extraordinary book that the inside of the e-book waiting for you to snap it but later it will distress you with the secret the idea inside. Reading this book close to it was fantastic author who wrote the book in such wonderful way makes the content interior easier to understand, entertaining technique but still conveys the meaning thoroughly. So, it is good for you because of not hesitating having this any more or you going to regret it. This excellent book will give you a lot of benefits than the other book possess such as help improving your talent and your critical thinking technique. So, still want to hold up having that book? If I were being you I will go to the publication store hurriedly.

Johnny Hoffman:

Don't be worry if you are afraid that this book can fill the space in your house, you can have it in e-book approach, more simple and reachable. This specific The Language of Medicine can give you a lot of buddies because by you investigating this one book you have point that they don't and make anyone more like an interesting person. This kind of book can be one of one step for you to get success. This e-book offer you information that maybe your friend doesn't recognize, by knowing more than additional make you to be great persons. So, why hesitate? We should have The Language of Medicine.

Gerald Kelly:

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or make summary for some publication, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore, this The Language of Medicine can make you sense more interested to read.
