An elaborate, inscrutable financial conspiracy has been perpetrated against an unsuspecting public around the world for over a century. Seven leaders, five men and two women who represent the world's wealthiest families, are the current financial puppet masters. They call themselves The Governors and they have one goal, and one goal only: Keep control of the world's financial institutions and protect the money interests of the super-rich. Their reach is unlimited. Their tactics: Manipulate global financial markets, gain power and influence wherever they can, put their army of followers in "sleepers cells," ready to be activated at a moment's notice, and destroy anyone who gets in their way. No one can stop them. Except Wilson Fielder, a wealthy man in his own right, and his brilliant wife, Emily. Willing to put their lives on the line, if necessary, Wilson and Emily see no other option except to take on The Governors personally and they vow to destroy the deadly cabal's stranglehold on the world's wealth. They devise an intricate plan to destroy The Governors that, if successful, will re-set the world's financial markets and open the gates to wealth creation for millions of people around the world. If they fail, their lives and the lives of everyone around them will be lost. A nail-biting conspiracy thriller that will leave readers on the edge of their seats as each side's plans begin to unfold and the twists and turns lead from one unexpected result to another. Just when you think you know how it will play out, another layer is unveiled which changes the dangerous game of cat-and-mouse, again and again.
