## **Maker Dad: Lunch Box Guitars, Antigravity Jars, and 22 Other Incredibly Cool Father-Daughter DIY Projects** Mark Frauenfelder

As the editor in chief of *MAKE* magazine, Mark Frauenfelder has spent years combing through DIY books, but he's never been able to find one with geeky projects he can share with his two daughters. *Maker Dad* is the first DIY book to use cutting-edge (and affordable) technology in appealing projects for fathers and daughters to do together. These crafts and gadgets are both rewarding to make and delightful to play with. What's more, *Maker Dad* teaches girls lifelong skills—like computer programming, musicality, and how to use basic hand tools—as well as how to be creative problem solvers. The book's twenty-four unique projects include:

- Drawbot, a lively contraption that draws abstract patterns all by itself
- Ice Cream Sandwich Necklace
- Friendstrum, an electronic musical instrument girls can play with friends
- Longboard
- Antigravity Jar
- Silkscreened T-Shirt
- Retro Arcade Video Game
- Host a Podcast
- Lunchbox Guitar
- Kite Video Camera

Innovative and groundbreaking, *Maker Dad* will inspire fathers to geek out with their daughters and help girls cultivate an early affinity for math, science, and technology.
