Mrs. Stevens Hears the Mermaids Singing: A Novel May Sarton

Sarton's most important novel tells the story of a poet in her seventies, whose life is retold episodically during an interview with two writers from a literary magazine

Hilary Stevens's prolific career includes a provocative novel that shot her into the public consciousness years ago, and an oeuvre of poetry that more recently has consigned her to near-obscurity. Now in the twilight of her life, Hilary, who is both a feminist and a lesbian, is receiving renewed attention for an upcoming collection of poems, one that has brought two young reporters to her Cape Cod home. As Hilary prepares for the conversation, she recalls formative moments both large and small. She then embarks on the interview itself—a witty and intelligent discussion of her life, work, and romantic relationships with men and women. After the journalists have left, Hilary helps a visiting male friend with his anxiety over being gay and imparts wisdom about channeling his own creative passions.
