The Cosmic Serpent Jeremy Narby

This adventure in science and imagination, which the **Medical Tribune** said might herald "a Copernican revolution for the life sciences," leads the reader through unexplored jungles and uncharted aspects of mind to the heart of knowledge. In a first-person narrative of scientific discovery that opens new perspectives on biology, anthropology, and the limits of rationalism, **The Cosmic Serpent** reveals how startlingly different the world around us appears when we open our minds to it.
