The History of White People

Nell Irvin Painter

The History of White People Nell Irvin Painter

A *New York Times* bestseller: “This terrific new book . . . [explores] the ‘notion of whiteness,’ an idea as dangerous as it is seductive.”—*Boston Globe*

Telling perhaps the most important forgotten story in American history, eminent historian Nell Irvin Painter guides us through more than two thousand years of Western civilization, illuminating not only the invention of race but also the frequent praise of “whiteness” for economic, scientific, and political ends. A story filled with towering historical figures, *The History of White People* closes a huge gap in literature that has long focused on the non-white and forcefully reminds us that the concept of “race” is an all-too-human invention whose meaning, importance, and reality have changed as it has been driven by a long and rich history of events.
