Elementary and Intermediate Algebra, Books a la Carte Edition (3rd Edition) Tom Carson, Bill E. Jordan

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books à la Carte also offer a great value—this format costs 35% less than a new textbook.

The Carson algebra series addresses two fundamental issues—individual learning styles and comprehension of key mathematical concepts—to meet the needs of today’s readers. Carson’s Study System, presented in the To the Student section at the front of the text, adapts to the way each reader learns to ensure their success in this and future courses. The consistent emphasis on the big picture of algebra, with pedagogy and support that helps readers put each new concept into proper context, encourages conceptual understanding.
