The Elementals Sandra Mitchell

Kate Witherspoon has lived a bohemian life with her artist parents. In 1917, the new art form of the motion picture is changing entertainment—and Kate is determined to become a director.

Meanwhile, midwestern farm boy Julian Birch has inherited the wanderlust that fueled his parents' adventures. A childhood bout with polio has left him crippled, but he refuses to let his disability define him.

Strangers driven by a shared vision, Kate and Julian set out separately for Los Angeles. When they finally meet, the teenage runaways realize their true magical legacy: the ability to triumph over death, over time. But as their parents before them learned, all magic comes with a price.
