Sexual attraction has fascinated and inspired our ancestors for thousands of years, and its origins and abilities have been explained in countless different ways. Cupid may shoot arrows that bind two lovers for life, but the absence of one may lead to the other dying of a broken heart.

Naturally, as an all-encompassing topic, people want to know all there is to learn about attraction. As such, various legends and lessons have popped up, and regardless of whether they are true or not they are often repeated and widely believed today. Do opposites attract? How does one really pick up the opposite sex? What physical signs are we attracted to? All of these eternal questions are discussed and answered in How Sex Appeal Works.
