The first Canadian psychiatric and mental health nursing textbook, *Psychiatric and Mental Health Nursing for Canadian Practice* is now in its thoroughly revised, updated Second Edition. This text reflects contemporary Canadian nursing practice in PMH nursing and provides thorough coverage of mental health promotion, assessment, and interventions in adults, families, children, adolescents, and older adults. Features include psychoeducation checklists, research boxes that focus on specific studies that contribute to improving PMH nursing practice, CRNE notes, therapeutic dialogues, and illustrations showing the interrelations of the biologic, psychologic, social, and spiritual (new to this edition) domains of mental health and illness. This edition includes a new chapter on mental health in the workplace and is in 4-color. A bound-in CD-ROM and companion website offer numerous student and instructor resources, including Clinical Simulations and questions about movies involving mental disorders.
