Mountain Spirits: A Chronicle of Corn Whiskey from King James' Ulster Plantation to America's Appalachians and the Moonshine Life Joseph Earl Dabney

Mountain Spirits is a scholarly yet entertaining look into this staple of Southern Appalachian history. The folklore of moonshine whiskey is full of fact and fiction, but the real characters tell stories even more humorous and exciting. Dabney's interviews with actual moonshiners and his documented history allow one to take a trip through the mountains - and through history - to discover both the origins and development of the art of making whiskey. With a complete glossary, photographs, illustrations, and interviews, *Mountain Spirits* offers a most complete exploration of this craft, from distilling for personal use to the moonshining gangs that emerged during Prohibition.
