## The Double-Crested Cormorant: Symbol of Ecological Conflict

This is the story of the survival, recovery, astonishing success, and controversial status of the double-crested cormorant. After surviving near extinction driven by DDT and other contaminants from the 1940s through the early 1970s, the cormorant has made an unprecedented comeback from mere dozens to a population in the millions, bringing the bird again into direct conflict with humans. Hated for its colonial nesting behavior; the changes it brings to landscapes; and especially its competition with commercial and sports fishers, fisheries, and fish farmers throughout the Great Lakes and Mississippi Delta regions, the cormorant continues to be persecuted by various means, including the shotgun.

In *The Double-Crested Cormorant*, Dennis Wild brings together the biological, social, legal, and international aspects of the cormorant's world to give a complete and balanced view of one of the Great Lakes' and perhaps North America's most misunderstood species. In addition to taking a detailed look at the complex natural history of the cormorant, the book explores the implications of congressional acts and international treaties, the workings and philosophies of state and federal wildlife agencies, the unrelenting efforts of aquaculture and fishing interests to "cull" cormorant numbers to "acceptable" levels, and the reactions and visions of conservation groups. Wild examines both popular preconceptions about cormorants (what kinds of fish they eat and how much) and the effectiveness of ongoing efforts to control the cormorant population. Finally, the book delves into the question of climate and terrain changes, their consequences for cormorants, the new territories to which the birds must adapt, and the conflicts this species is likely to face going forward.

#### **Robert Burdette:**

This The Double-Crested Cormorant: Symbol of Ecological Conflict is great reserve for you because the content and that is full of information for you who also always deal with world and get to make decision every minute. This kind of book reveal it facts accurately using great coordinate word or we can say no rambling sentences inside. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tough core information with lovely delivering sentences. Having The Double-Crested Cormorant: Symbol of Ecological Conflict in your hand like finding the world in your arm, details in it is not ridiculous just one. We can say that no book that offer you world inside ten or fifteen moment right but this book already do that. So , this really is good reading book. Hey Mr. and Mrs. active do you still doubt in which?

#### **Nick Peoples:**

As a pupil exactly feel bored for you to reading. If their teacher inquired them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this The Double-Crested Cormorant: Symbol of Ecological Conflict can make you experience more interested to read.

#### **Bruce Davis:**
