Corporate Governance: Promises Kept, Promises Broken

Jonathan R. Macey

Corporate Governance: Promises Kept, Promises Broken Jonathan R. Macey

Even in the wake of the biggest financial crash of the postwar era, the United States continues to rely on Securities and Exchange Commission oversight and the Sarbanes-Oxley Act, which set tougher rules for boards, management, and public accounting firms to protect the interests of shareholders. Such reliance is badly misplaced. In *Corporate Governance*, Jonathan Macey argues that less government regulation--not more--is what's needed to ensure that managers of public companies keep their promises to investors.

Macey tells how heightened government oversight has put a stranglehold on what is the best protection against malfeasance by self-serving management: the market itself. Corporate governance, he shows, is about keeping promises to shareholders; failure to do so results in diminished investor confidence, which leads to capital flight and other dire economic consequences. Macey explains the relationship between corporate governance and the various market and nonmarket institutions and mechanisms used to control public corporations; he discusses how nonmarket corporate governance devices such as boards and whistleblowers are highly susceptible to being co-opted by management and are generally guided more by self-interest and personal greed than by investor interests. In contrast, market-driven mechanisms such as trading and takeovers represent more reliable solutions to the problem of corporate governance. Inefficient regulations are increasingly hampering these important and truly effective corporate controls. Macey examines a variety of possible means of corporate governance, including shareholder voting, hedge funds, and private equity funds.

Corporate Governance reveals why the market is the best guardian of shareholder interests.

So , when we ask do people have free time, we will say absolutely yes. People is human not really a robot. Then we ask again, what kind of activity are you experiencing when the spare time coming to you of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative within spending your spare time, the particular book you have read will be Corporate Governance: Promises Kept, Promises Broken.

Ann Reiter:

As a pupil exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Corporate Governance: Promises Kept, Promises Broken can make you experience more interested to read.
