**Towards Sustainable Cities in China: Analysis and Assessment of Some Chinese Cities in 2008 (SpringerBriefs in Environmental Science)** Jingzhu Zhao

To promote China's sustainable city construction and development, this Brief has preliminarily used an assessment indicator system and development index of a sustainable city, based on a summary and analysis of the existing Sustainable City theories and practices both at home and abroad. Meanwhile, mainly based on the data from 2008, this Brief has made a tentative assessment of the development level of Sustainable City in some major Chinese cities.
