Harmonic Practice in Tonal Music (Book & Audio CD)

Robert Gauldin

Harmonic Practice in Tonal Music (Book & Audio CD) Robert Gauldin

Conceptually sophisticated and exceptionally musical, *Harmonic Practice in Tonal Music* provides a thorough treatment of harmony and voice-leading principles in tonal music.

Taking a linear functional approach, Professor Gauldin uses clear explanations and outstanding musical examples to show students how individual chords function in the overall structure of a piece, explaining how both harmonic and melodic forces contribute to the development of musical ideas. For the Second Edition, Professor Gauldin has undertaken a comprehensive revision that responds directly to the suggestions of instructors. The new text emphasizes fundamental concepts, using a more effective organization and simpler, more accessible language to bring the most important ideas and information to the foreground.
