Roll into one little boy's make-believe traffic world, filled with flashing lights, zooming cars, whirring helicopters, and racing fire engines. He's turned records into rotaries, shoe boxes and books into highway ramps, crayons into lane markers, and dandelions into trees. It's a world where imagination rules and creativity abounds.

With its bouncy rhyming text and bright illustrations, this book is perfect for every preschooler who loves planes, trains, and automobiles. It's a bold introduction to how vehicles stop . . . and *go!*
