Intuition Allegra Goodman

Hailed as “a writer of uncommon clarity” by the *New Yorker*, National Book Award finalist Allegra Goodman has dazzled readers with her acclaimed works of fiction, including such beloved bestsellers as *The Family Markowitz* and *Kaaterskill Falls*. Now she returns with a bracing new novel, at once an intricate mystery and a rich human drama set in the high-stakes atmosphere of a prestigious research institute in Cambridge, Massachusetts.

Sandy Glass, a charismatic publicity-seeking oncologist, and Marion Mendelssohn, a pure, exacting scientist, are codirectors of a lab at the Philpott Institute dedicated to cancer research and desperately in need of a grant. Both mentors and supervisors of their young postdoctoral protégés, Glass and Mendelssohn demand dedication and obedience in a competitive environment where funding is scarce and results elusive. So when the experiments of Cliff Bannaker, a young postdoc in a rut, begin to work, the entire lab becomes giddy with newfound expectations. But Cliff’s rigorous colleague—and girlfriend—Robin Decker suspects the unthinkable: that his findings are fraudulent. As Robin makes her private doubts public and Cliff maintains his innocence, a life-changing controversy engulfs the lab and everyone in it.

With extraordinary insight, Allegra Goodman brilliantly explores the intricate mixture of workplace intrigue, scientific ardor, and the moral consequences of a rush to judgment. She has written an unforgettable novel.

From the Hardcover edition.
