A new Graphic Novel from the creative team behind the best selling and groundbreaking *Godspeed: The Kurt Cobain Graphic* published by Omnibus Press in 2003. From the Government housing slums in Detroit to the bling-bling penthouses of the Hip-Hop monarchy, Marshall Mathers has had quite a journey. This is a presentation of the documentation of his life that is angry, vivid and shockingly honest. By taking the stories, characters and rantings that exist on his albums, a dramatic, operatic and highly comedic adventure is told. In addition to biographical events, the authors draw on the self-created characters that exist in Eminem's music. This is a graphic novel about the world's one and only true crossover rap superstar, and a story both as profound and profane as the man himself.
