Patterns of Child Care Use for Preschoolers in Los Angeles C (Technical Report) Sandraluz Lara-Cinisomo, RAND Corporation, Anne R. Pebley

High quality child care is especially important for child development. In this report, we examine child care in Los Angeles County in 2000-2001. Non-parental child care was used by 37 percent of children ages 0 to 5 who were not yet in kindergarten or school. Our results suggest that universal preschool and high-quality child care programs may be especially important for children from poorer families.
