**Selected Essays in Monetary Economics (Collected Works of Harry Johnson): Volume 9 (Collected Works of Harry G. Johnson)** Harry Johnson

This volume consists of selected previously published key essays which have proved most useful for teaching advanced monetary economics. A short introduction was added which places the selection of essays and the issues they cover in the contemporaneous context of simultaneous high inflation and high unemployment. As relevant today as they were when they were first written, they enable the reader to anticipate intelligently what is likely to happen and why.
