## **It's a Frog's Life!: My Story of Life in a Pond** Steve Parker, Paul Flemming

Find out firsthand (well, almost) what it's like to be a frog living in a busy pond. Entertaining text written by our hero (a common green frog) in a scrapbook format gives amusing yet scientifically accurate insight into a year in the life of a frog. The search for food and for a mate, the joys of starting a family, and the daily struggle to survive are dramatically described and illustrated using the frogs journal entries and illustrations, clippings the frog has taped into his scrapbook, photographs, and art by noted natural history illustrators. The result is an "up close and personal" approach to science that is a feast for the eyes and the mind.

Dimensions (inches): 9 3/4 x 9 3/4
