Pathology of the Lungs: Expert Consult: Online and Print Bryan Corrin, Andrew G. Nicholson

With an emphasis on practical diagnostic problem solving, *Pathology of the Lungs, 3rd Edition* provides the pulmonary pathologist and the general surgical pathologist with an accessible, comprehensive guide to the recognition and interpretation of common and rare neoplastic and non-neoplastic lung conditions. The text is written by two authors and covers all topics in a consistent manner without the redundancies or lapses that are common in multi-authored texts. The text is lavishly illustrated with the highest quality illustrations which accurately depict the histologic, immunohistochemical and cytologic findings under consideration and it is supplemented throughout with practical tips and advice from two internationally respected experts. The user-friendly design and format allows rapid access to essential information and the incorporation throughout of relevant clinical and radiographic information makes it a complete diagnostic resource inside the reporting room.

Approximately 1,000 high quality full color illustrations. Provides the user with a complete visual guide to each specimen and assists in the recognition and diagnosis of any slide looked at under the microscope.

Comprehensive coverage of both common and rare lung diseases and disorders. One stop consultation resource for the reporting room or study, no need to go further to get questions answered.

Clinical background and ancillary radiographs incorporated throughout. Provides the user with all of the necessary diagnostic tools to make a complete and accurate pathologic report.

Practical advice and tips from two of the world's recognized experts. Provides the trainee and general surgical pathologist with time saving diagnostic clues when dealing with difficult specimens.

Consistent and uniform approach incorporated for each disease and disorder (Etiology, pathogenesis, clinical features, pathologic features, differential diagnosis) User-friendly format enables quick and easy navigation to the key information required.

Extensive use of summary tables, charts and graphs throughout the text. Helps simplify and clarify complex concepts and facilitates "at a glance" comparisons between entities.

Extensive reference list highlights landmark articles as well as including most up-to-date citations. Directs the trainee and practitioner to the most recent and authoritative sources for further reading and investigation

From reader reviews:

Terry Matlock:

Nowadays reading books be a little more than want or need but also be a life style. This reading practice give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The info you get based on what kind of publication you read, if you want attract knowledge just go with training books but if you want really feel happy read one together with theme for entertaining such as comic or novel. The particular Pathology of the Lungs: Expert Consult: Online and Print is kind of guide which is giving the reader unstable experience.

Beverly Sands:

The reason? Because this Pathology of the Lungs: Expert Consult: Online and Print is an unordinary book that the inside of the book waiting for you to snap the item but latter it will jolt you with the secret the idea inside. Reading this book alongside it was fantastic author who else write the book in such incredible way makes the content inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This excellent book will give you a lot of benefits than the other book possess such as help improving your ability and your critical thinking approach. So , still want to hesitate having that book? If I ended up you I will go to the guide store hurriedly.

Gayle Oconnell:

Many people spending their period by playing outside together with friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to invest your whole day by looking at a book. Ugh, do you think reading a book can really hard because you have to accept the book everywhere? It fine you can have the e-book, taking everywhere you want in your Touch screen phone. Like Pathology of the Lungs: Expert Consult: Online and Print which is having the e-book version. So , try out this book? Let's see.

Lillian Burbank:

As a pupil exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Pathology of the Lungs: Expert Consult: Online and Print can make you feel more interested to read.
