Charles Dickens

The Pickwick Papers: Extended Annotated & Illustrated Edition Charles Dickens

This is the illustrated and annotated edition including an extensive biographical essay about the author and his life as well as a wealth of original illustrations. You will also find a detailed introduction (which is not included in other editions) regarding the history of the title and many insights.

'Posthumous Papers of the Pickwick Club' is the one novel of Dickens that abounds neither in pathetic, grewsome, nor dramatic passages. It is pure fun from beginning to end, with a laugh on every page. It was published in 1836, and aided by the clever illustrations of Hablot Brown, or "Phiz," it attained immediate success and laid the foundations of Dickens's fame. The types illustrated are caricatures, but nevertheless they are types: Mr. Pickwick, the genial, unsophisticated founder of the club; and that masterly array of ludicrous individuals drawn from all classes high and low. Although the whole book is exaggerated comedy, there is no other that has furnished more characters universally known, or given to common English speech more current phrases. Many sayings and events are still in the "Pickwickian sense"; Sam Weller and his admirable father are still quoted; Mrs. Leo Hunter is still a feature in social life; Bardell trials occur occasionally; and there are many clubs as wise as Pickwick's.
